RICH'S SALAMANDER SAFES.
WILDER'S PATENT, RICH'S IMPROVEMENT MANUFACTURED BY
STEARNS & MARVIN,
Nos. 144 and 146 Water Street, New York.
HAVE YOU A SAFE? Not one of the worthless articles once supposed to be safe, but a genuine Salamander, made by the Subscribers If you have not, the following interrogations are deeply interesting to you
Would not the destruction of your valuable books papers &c, greatly derange your business, and subject you to serious if not ruinous loss?
Since such a calamity can be avoided during your lifetime by the outlay of fifty, one hundred or two hundred dollars in the purchase of a Safe, does not true economy counsel the outlay
If you pay annually for insurance on your stock in trade is it not equally important to effect insurance on your books and papers for a series of years paying a small premium once for all.
During the last thirteen years, these Safes have been tested in accidental fires one hundred and ninety seven times and in every trial fully sustained their reputation as a fire proof article
The Subscribers are the sole proprietors of Brennans patented "LA BELLE" LOCK which from its construction and finish is POWDER and BURGLAR proof, and not liable to get out of order
STEARNS & MARVIN, the only makers of Salamander Safes combining Wilders & Rich's patents

NEW YORK Nov 14th 1855
Philander Eddy Agt World's Safe Co Chicago Ill
DEAR SIR —You will notice by the New York papers that Lillie's Chilled Iron, Fire and Burglar Safes and Bank Lock manufactured by the World's Safe Co Troy N Y have as usual obtained another *victory* at the great Fair of the American Institute held at the Crystal Palace, over the *combined effort* of safe makers, by securing the *first premium* on both Safe and Lock separately The Chicago certificate for ten and posts were freely circulated here, but their malignant design could not defeat the known superiority of Lillie's Safes, and the Crystal Palace juror have now *confirmed* what the jurors at the Detroit Fair *decided*, the Chicago jurors *disputed*, and the public *reiterated* that Lillie's Safe and Bank Lock are the best in the world Respectfully

DRY GOOD PALACE
AND
CARPET ROOMS!
Come to the Palace oh come there with me,
Where Fashion, and splendor still holds her levee
And smilingly tells you that Beauty is sold,
To youth or to age, in exchange for their gold,
And their Lady like charms through life may proceed,
In robes like a Queen which will fit every need.
They've shawls in the thin and shawls for the storm,
They've el the which fall softly, and so warm,
They've seen pets of Wilton, of Velvet and Brussels
They've laces and hosiery ribbons, and the ela
They've embroidered goods to the wearing and cad,
They've silks like the sunshine and so bright,
They've Fabrics for millions, and hold their levee
For those who pay tribute to come here to see,
In Palace of Dry Goods so grand and so rare,
Come the night of a table, of old fairy land
But those who know WEVER can't doubt for a minute
This glorious Palace and all that is in it C H G
Now I blush, indeed I do what modest maiden man would not? Yet I console myself with the idea that we all always pay tribute to worth and merit Thanking sincerely and humbly my fair contributor I trust that by long and uprightness and my gentlemanly ways I may ever command her respect F M WEVER,

ANOTHER TRIUMPH OF HERRING'S SAFES.

MR SILAS C HERRING—
Dear Sir —The safe I bought of you, nearly two years since, has turned up all right We dug it from the ruins in the cellar yesterday The safe was in the back part of the fourth story of "Totteral's Building," corner of Fifth and Chestnut streets in the height of the fire of the 17th inst, and fell with the burning timbers to a distance of 40 feet. It contained all my books and papers Not a thing was saved on my premises except the contents of your safe, which effectually resisted all the fury of the flames" I am now using the same books and papers
Yours, truly,

Wisconsin Almanac and Annual Register.

We mentioned briefly, a few days since, that we were about to publish a little work entitled as above, which we thought ought to be in the hands of every man in the state. A few words more as to its contents, will give a more definite idea as to its value to the reader, as a book of reference.

It will contain articles arranged somewhat as follows:

AN ALMANAC for 1856, with a chronological table of events.

A NATIONAL REGISTER, giving the list of officers of the General Government as now organized, in all the departments, and a list of Presidents and Vice Presidents, and time of service.

A full DESCRIPTION OF WISCONSIN, its bounds, surface, soil, climate, commerce, manufactures, &c.

A brief DESCRIPTION OF EACH COUNTY, its boundary, date of organization, area, county seat, &c.

A list of TERRITORIAL AND STATE OFFICERS, from the first.

ANNALS OF THE LEGISLATURE, giving the names of all members, from the first.

The JUDICIARY, Supreme and Circuit Courts. TIMES OF HOLDING CIRCUIT COURTS in all the counties.

AGGREGATE VALUATION OF PROPERTY, by counties, for 1854 and 1855.

LIST OF COUNTY OFFICERS for each county.

CENSUS OF THE U. S. for 1850.

CENSUS OF WISCONSIN, by counties, from 1836 to 1855.

ELECTION TABLES, giving the votes by counties, cast at all the Judicial, Congressional, Presidential, and Gubernatorial elections, from the organization of the territory.

With other valuable statistics.

We shall publish a large edition of this little work, in the hope of being, in some degree, remunerated for the trouble and expense of its preparation and publication, and, if sufficient encouragement is received, we propose to publish a like volume annually hereafter. We cannot, on account of the great press of work upon our job office, now fix a date for its issue, but shall hasten it as much as possible.

The text for the work, for the most part, is prepared by JOHN WARREN HUNT, Esq., Assistant Secretary of State, who enjoys the best facilities for obtaining materials for a work of this kind. It will be published in a cheap, but neat form, and sold at 25 cts. per single copy, and a liberal discount made to those who buy to sell again.

The Waupacca Frauds.

Heretofore, in the annals of political villainy, the PLAQUEMINES fraud in the Presidential election of 1844, has held undisputed pre-eminence, but even PLAQUEMINES is cast into the shade by the means adopted at and since our recent state election, to swell the vote for BARSTOW in Waupacca Co.—With the main features of this fraudulent transaction our readers are already familiar, but there are some details given in the *Weyauwegian* of December 28th, which throw additional light on this dark deed. It will be remembered that Waupacca Co., for weeks after the election, was variously reported at from 100 to 800 majority for BASHFORD, and not until it became apparent that the vote would be very close, was the discovery made at Madison, that Waupacca had given from 250 to 350 majority the other way. It then transpired that two returns had been received from that county—the one giving 127 majority for BASHFORD, the other, 845 majority for BARSTOW. Early in December, the Madison *Argus* published a letter from Waupacca Village, designed to explain this discrepancy. It is in reply to this letter that the *Weyauwegian* publishes the statements hereinafter noticed.

Let us first state the points in the Waupacca letter of the *Argus*. These are: 1st, that the poll at Weyauwega was opened at 6 o'clock; that boys of all ages voted; and that those votes were nearly unanimous for Bashford. 2d, that the poll at Gill's Landing was an illegal one. 3d, that the votes returned to Mukwa were canvassed by improper authority. 4th, that the canvass gave BASHFORD 127 majority, by rejecting *two* polls, giving BARSTOW respectively 29 and 41 votes. 5th, that the votes returned to Waupacca were canvassed by the regularly elected Clerk of the Board of Supervisors. To these five points the *Weyauwegian* thus replies: 1st, that the poll at Weyauwega was *not* opened at 6, nor at 7, nor till long after that hour, and that men, not boys, did the voting. 2d, that the vote at Gill's Landing, which the *Argus* brands as fraudulent, stood 34 for BARSTOW, and 5 for BASHFORD! 3d, that the Clerk at Mukwa is the only legal clerk in the Co.—the one at Waupacca having been removed from office by the Board of Supervisors, for neglect of duty and usurpation of authority. 4th, that the *only* poll rejected in the Mukwa canvass was that of North Lebanon; that this was rejected because it was illegally opened; and that the vote cast there (31 in all) was *unanimous* for BASHFORD. 5th, that the so-called Clerk at Waupacca had been removed from office, and was without authority to act.

The *Weyauwegian* follows up these statements with some sharp strictures of its own, upon the conduct of the Canvassers, state and local, in "sorting" the Waupacca vote so as to make a majority of 115 for BARSTOW, when the legal popular vote was 100 or more the other way. We have only room for its concluding remarks, which we commend to our readers:

In the operations of the State Canvassers a great wrong has been perpetrated on the east half of this county, and that, too, from no justifiable reason, and no other foundation than it gave a majority for Bashford. Had a majority for Barstow been cast there, and that majority been higher than that of the Waupacca Falls canvass, we have no better opinion of the moral honesty of the Board of State Canvassers than to believe they would have received it and rejected that from Waupacca, because of its giving Barstow the heaviest vote. But the citizens of this end of the county voted their honest sentiments, and honest canvassers fairly and impartially canvassed them. They were not prepared to sell themselves, body and soul and breeches, to a corrupt and political faction; nor were they desirous of purchasing an evanescent local advantage at the expense of their own native independence, and get a world-wide celebrity for dishonesty, moral corruption, forgery, lying, swindling, tablevoting, etc.

Notwithstanding the fairness of the Mukwa canvass and the legality of the votes canvassed there, that part of the county represented at that place, (and which is the most populous half of the county) has been coolly and deliberately disfranchised; and that part of the county which winks at fraud, deception, and perjury, has been upheld in its villanies by the State Canvassers and its votes received and counted:—149 fraudulent votes were received from that part of the county, and 666 free and legal votes from this part of the county were rejected. This is an outrage of no small import, and its reflection already looms in the future, big with undeveloped results. It cannot be that there is no redress for such villainous outrages. It cannot be that freemen, legal voters in the great State of Wisconsin—citizens of this land of boasted freedom and uncircumscribed political liberty, must quietly submit to be thus foully wronged,—disfranchised by corruption—cheated out of their birthright by political swindlers, and cast from the State Synagogue like dogs! Submission to it would be weakness, not virtue.

There will be a day of reckoning soon, when villains will not go "unwhipped of justice."—There is redress for all grievances under our form of government, open, alike, to all; and in this case there is no doubt but that recourse will be had to the judicial tribunals of the State. All that we ask for in this matter is to have a fair and equitable investigation;—let the game of fraud, forgery and perjury be sifted to the bottom and laid open, that all may see it, and a just decision be given—then we will be content.

RACINE & MISSISSIPPI R. R.—The *Advocate*, of Racine, gives the following information concerning the present condition of things on the Railroad, which is already doing so much for that thriving city, and is pushing westward. The Directors are entitled to a great deal of credit for the energy and perseverance with which they have carried on the important enterprise.

For the satisfaction of the friends of the enterprise, we may say that the Road is now in operation from Racine to Springfield, (34 miles) and two daily trains each way, run regularly. The track is laid to a point within four miles of Elkhorn.—The grading is completed to Delavan (46 miles) and the track is being laid down at the rate of half a mile per day. The Road will be opened for business to Elkhorn next week on Saturday, and to Delavan within two weeks thereafter, with favorable weather. Commodious Depots are erected at Racine, Union Grove, Dover, Burlington, Lyons and Springfield, with side tracks, Engine houses, Turn-tables, Water tanks, &c., complete. Large and convenient Depots are also going up at Elkhorn and Delavan, and every part of work is pushed right forward without regard to the season or weather.

The Company have an equipment of between 80 and 90 Freight Cars, 4 elegant Passenger Cars, 1 Way Cars, 9 Locomotives and 5 Hand Cars. The Freight Cars are of their own construction, and they have one hundred more in process of construction at their shops, with all the necessary materials on hand.

Since the opening of the road to Fox River it has been doing a fair business, notwithstanding it has been through the dullest season of the year. Without going into details at this time we may say that the earnings of this road for the first two months of its existence while running twenty-five miles, were more than four times as much as the Milwaukee & Mississippi Railroad averaged during the first ten months of its history, when running the same and even a greater distance. The business of the road is now rapidly increasing, and its passenger business astonishes its most sanguine friends. We have no motive for discussing the question of its being a good paying road, for no sensible man in this section has ever doubted it. The benefits of the road is already realized in this City by the improvement in the value of real estate of full one hundred per cent, and a vast increase of all kinds of business. The same may be said of the property on its line and we believe we are safe in saying that real estate in the City of Racine has been enhanced in value by this road, already over one million of dollars and real estate on the line more than three millions of dollars, and active demand and sales at the improvement in rates.

The Late Railroad Accident.

An eye witness of the accident on the 31st, on the railroad from Pittsburg to Cincinnati, gives the following description of the scene. We notice among the wounded, the name of I. S. Way, from Grant Co., Wisconsin, who has a leg broken and hip disjointed.

On Monday evening, the 31st ult., as the Fast Express Train from Pittsburgh to Cincinnati was turning a curve near Darlington, Pa., a frightful collision took place between this and the freight train going East. The collision was so sudden that no time was allowed to apply the "brakes." The huge locomotives rushed upon each other as in deadly conflict, and having spent their giant power in one onset sank together upon the track, a common mass of ruin. The freight train received comparatively little injury—not so to the other. The baggage car passed entirely through the first passenger car; the bottom of the former passing just above the floor of the latter, sweeping, in the twinkle of an eye, every seat from its place, and crowding passengers, baggage, stoves and broken pieces of timber, in a space large enough for one car. The concussion was felt but a few seconds, and all was still, except the fierce hissing of the escaping steam. Almost instantly the shrieks of dying men were heard far above the noise of the crushed engines. Three or four men lay off to one side, in the snow, some with broken arms, others with shattered legs and bruised bodies, crying in piercing tones of agony for help. Just above the front end of the second passenger car, where a great mass of fragments had been washed up, three men were seen, two of them held up by their legs, the third showing out of the mass of ruins but his head and hand, crushed, and black from congested blood. Poor fellow, death gave him no time for agony.

Near to those, but on the other side of the cars, stood a brave man, Mathew Kolt, one leg broken and his right arm held firmly beneath the heavy timbers of the bottom of the baggage car, resting upon the front of the second passenger car. He uttered no complaint, though his leg was broken and his arm literally ground to pieces—nearly an hour elapsed before he could be released, yet he showed no impatience and let no groan escape his lips. The other two men were almost equally brave, enduring their long confinement with remarkable fortitude. The officers of the trains assisted by some of the passengers, exerted almost superhuman efforts to extricate the wounded and to place them in the unbroken cars, but so firmly were the ruins pressed together that it was probably not less than an hour before all were taken out. The cries of the wounded for physicians, for water, for warmth, and for wives and sisters, were sufficient to rend the stoutest heart.

One poor man, whose throat had been cut either by a splinter or by broken glass, was laid upon the floor of the car, and afterwards propped upon two or three seats, but his sufferings did not last long—he breathed through the cut in his throat for an hour or so and then lay still in death. From papers in his possession his name was found to be "Samuel Johnson," from Middleton, Ohio.

WHAT MADE THEM WILLING.—Gen. Pomeroy, who was a prisoner in the Border Ruffians camp, reports the following incident:

A little incident in regard to the rifle-practice of the Lawrence boys, made, perhaps, a more decided impression on the ruffians than the speeches of Atchison and Shannon. One of the Missourians had been over to Lawrence and witnessed a target performance, at which 75 men, with Sharpe's rifles, fired at a mark (a medium sheet of paper) 19 by 24 inches, one mile distant by measurement, and disturbed the sheet with sixty-two balls. When this was told in the camp at Wakarusa, the vagabonds, who were mostly armed with shot guns, shrugged their shoulders and rolled up the whites of their eyes. This was a little ahead of anything they had seen out West. This incident, coupled with the fact that rumors and their fears had increased the number of Sharp's rifles in the Lawrence camp to a fabulous figure, did the business for the invaders. They would have been soldiers but for those "vile guns."

DEATH OF A VALUABLE CITIZEN.—We record, with unaffected regret the death of Col. C. D. BARTON, late of Keeseville, New York, who came to reside among us last year, and was the contractor for the improvement of our Harbor. Col. BARTON was taken sick, while at Dunleith, on the Mississippi river, last week, but tho' quite ill made his way home, reaching here last Monday. The fatigues and exposure of the journey added to his illness, and he gradually sank under the attack. Col. BARTON was a man of great energy and enterprise, and his death is a serious loss to the community. He leaves a wife and family to deplore the loss of an affectionate husband and father.

THE WISCONSIN FARMER.—The January number of "The Wisconsin Farmer and North Western Cultivator" is out in good season, and deserves more than ordinary praise, as well for its punctuality, as for the variety and excellence of its contents. The title page is ornamented with quite a good picture of Madison and the typographical execution of the number is a decided improvement on its predecessors. The Farmer is now published by Messrs. D. J. POWERS and E. W. SKINNER, at Madison, and is furnished to subscribers at $1,00 a year. It is richly worth that price and ought to have 5000 subscribers, at least, among the Farmers of Wisconsin.

NEW PAPER.—We have received the first number of the *Wisconsin Mirror*, published at Newport, Columbia County, by ALANSON HALEY, editor and proprietor. The *Mirror* is a neatly printed seven-column sheet, devoted to Republican principles, and edited—to judge from the first number—with spirit, tact and ability. We welcome this new laborer in the Republican vineyard and commend it to the sustaining patronage of the people of Sauk and Columbia counties.

INTERESTING LETTER.—We complete to-day the 54th letter of our excellent European correspondent. He gives a very interesting description of many things at Nuremberg, the quaint old city of Germany, famed as the residence of Albert Durer and "Hans Sachs, the cobler bard."

The Ancient Walls and Fortifications Around the City—Private Residences—Inventors and Inventions—Its Castle—The Churches of St. Sebald and St. Laurence, with their Statuary and Tombs—The Rathhouse—Albert Durer—H's Death and Grave—The Dolorous Way.

NUREMBERG, Oct. 8, 1855.

(CONCLUDED.)

The churches being always locked up, I had some difficulty in getting admittance, not knowing where to go for the sacristan. The Catholic churches, on the contrary, are open all day, and either worshippers or visitors are always found within them. The most celebrated churches here, and perhaps I might add among the most celebrated in Germany, are the St. Sebald, and the St. Lawrence—both in the gothic style. Some portions of the former date from the seventh century. After making several efforts to get in and after walking around it two or three times, looking at its quaint figures of saints and sinners, beasts that are unclean, and those that are clean, monsters that have being and those that have none, carved in the walls, I was informed by a person in the street that if I would rap at the door I could get admittance.

Leaving therefore, the north door, which is one of fine architectural proportions and designs, and called the Bride's door, I went round to the south door. On one side of this, of life size, was Adam, and on the other Eve, both having an apple in each hand. As it was after the fall they were dressed in very small aprons of leaves. There were, I presume, fifty other full length figures around and above the door, but only some dozen of full size. On rapping I was admitted into the church by a sort of duenna looking lady. There was an old man there also, perhaps a deacon, mending an old umbrella in one of the slips. After looking through the statuary, having a strong mixture of Christian and heathen images, we came to an old picture probably intended to represent the fall. Seeing two figures with downcast heads, having each other by the hand, similarly dressed to those who were at the entrance, and an old man with a long grey beard, having on a good suit of clothes, looking daggers at them, I asked my fair Cicerone who the first were. After failing once or twice to blush, she answered that they were Adam and Eve. "And the old man" continued I—"He is," she replied, "their Grandfather!" Seeing some other figures in the distance attired, I inquired who they were. On receiving no reply I looked around and the damsel had slipped away to a different part of the church. She did not like my Dutch, or did not understand the picture, I do not know which.—Some of the painted windows are very fine. There are also some bronze castings, consisting of a font and the twelve Evangelists, as well as a few works of sculpture, very good, but out of a great many paintings there are only two or three passable.

Beneath the chapel, at the west end, is the ancient chapel of St. Peter, in the center of which stands the celebrated shrine of St. Sebaldus. It is of bronze, being an open fretwork canopy, standing on slender pillars, of Gothic architecture and of beautiful and harmonious proportions. It is the work of the artist Peter Vischer, in 1529; having occupied himself and his five sons thirteen years in its execution. Around it are standing, in the style of the Italian flowing drapery the twelve apostles. In the centre, in plain sight is an oaken coffin inlaid with silver plates, in which the relics of the Saint now repose.

The other church alluded to, contains a great many pieces of statuary, paintings, relics and other things having each a history of its own.—Externally it is very imposing and beautiful. The upper portions of its two great towers contain an open lattice-work in square form, intended to represent a gridiron on which the saint to whom the church was dedicated suffered martyrdom, by being broiled alive, by order of Valentianus, Aug. 10th, A. D. 261. On the north side in the walls of the church is a large recess containing figures representing Christ alone in prayer on the mountain, while his disciples are severally asleep in various positions around. All these figures are of the size of life.

There is another old church called the frauenkirche, that is somewhat celebrated for its queer devices, carvings, statuary and paintings. I did not go into this church, but noticed its exterior. Among other statuary around one of the front doors I noticed one, which I presume would be called the Annunciation. But the intelligence, I should judge from the form, was not conveyed until several months later than is usually represented in modern paintings of that interesting event. When this is taken into consideration together with the natural Dutch obesity, which the artists of this school think an indispensible type of beauty, the figure looks quaint if not funny. I would not like to be responsible for the pious looks of the congregation at Trinity church, Broadway, if this piece of statuary should occupy a niche on one side of the entrance into that aristocratic sanctuary for half an hour on some Sabbath moring, as the audience were passing in.

But the most interesting of the old buildings I visited was the Rathhaus, having a sort of hall of justice, if it ever deserved such a name, above, with ranges of dungeons and subterranean passages below. These horrid dungeons are scarcely six feet square. Adjoining them is the torture chamber, where still may be seen the stretching machine or perpendicular rack, upon which the victim was placed. The passages lead to points beyond the walls, and undoubtedly were made for the purpose of allowing the officers of the city to escape from the fury of the populace.

Nuremburg was ruled for more than a thousand years by men who held no relation or responsibility to the people, and who often proved to be tyrants of the most corrupt character.—These cold, damp dungeons, with the numerous machines of torture, too plainly show the iron band of despotism with which they tyrantized over their subjects. Having a jurisdiction of only an area contained in a circle of twenty-three miles in extent, it was independent of all sovereignty to other powers, and its tyrants could enforce all such arbitrary laws as suited their malice and caprice to enact. This oppression continued down to the times of Napoleon, when, among other good things he did for mankind, he annihilated their dynasty, gave them a constitutional government, such as is enjoyed by the other citizens, and attached Nuremburg to the Kingdom of Bavaria. On the approach of the French army these dens and dungeons were cleared of their instruments of torture. Among the cart load of other things sent off was the *Eiserne jungfrau*, or iron virgin, a figure about seven feet high which opened by secret springs, and having poignards so concealed that when she was embraced by her miserable victim, he was immediately cut into pieces. This I have described in a former letter.

Before leaving the city, after an agreeable stay of three days, I went and saw the house, which is now standing, in which Albert Dure resided up to the time of his death, about the year 1471.—He was not only one of the greatest painters of the early German school, but a sculptor, engraver, mathematician and engineer of high repute. I also visited his grave. It is in the churchyard of St. John, about a mile beyond the city gate. The cause of his death was the same as that of many a great a man before him. In the language of his biographer, "Dure died of a piteous complaint—a termagant wife; a perfect Xantippe, who plagued his gentle spirit out of his body."

There is a shorter street to this noted burial place, called the *Seilergasse*, along which, at regular intervals, are stations containing bas-reliefs on stone pillars, being a representation of what is called the Dolorous Way in Jerusalem, along which the Saviour is supposed to have trodden from the house of Pontius Pilate to Mt. Calvary. They were executed by Adam Kraft, the artist, at the expense of one Martin Ketzel, who twice made a pilgrimage to Jerusalem to obtain the exact measurements. The first time was in 1477, and on his return he found, to his great grief, that he had lost the memorandum containing the same. In 1479 he again started on a long and perilous journey to the holy land on the same devoted errand. After years of toil and at the hazard of losing his life many times, he accomplished his purpose and saw the great work of his life completed. The first station is near the door of the house he occupied, which is still standing, and the nearest corner of the burying-ground, representing the last scene of the crucifixion. There are at this station three life-size figures on stone crosses, about twenty feet high, with a group standing around on the ground below.

While here I attended church on the Sabbath. It was in a new church, and although Lutheran, I observed that not only in the building itself, but in many forms, there was a considerable similarity to the modern Catholic churches, as well as worship in our own country. Among other things I have only room to name are the resemblance in the robes of the ministers of the two churches, pictures and statuary of saints on the walls and the burning of candles at midday.

The President's Message.

Messrs. Editors:—I have read the late Message of President Pierce, and with especial interest I have read that portion of it which is devoted to the present politics of the Country. You mildly characterize *that* as a bold bid for the Southern support at the next Presidential election.

To me that document seems to demand further and very different notice. When a President of the United States condescends to argue questions of party politics, he deserves to be listened to. It may be thought his conclusions ought to be assented to, or his arguments refuted. I certainly do not assent to his conclusions, nor shall I even further remark upon his argument than to say it displays an insensibility to right and truth, and a capacity for wise pettifogging which must insure a large practice before the magistrates of New Hampshire when he shall retire from his present position. But I do not now complain of the President because he approves of the Fugitive Slave Law and the repeal of the Missouri Compromise, or because he denounces the Ordinance of 1787.

These are offences against the logic of inevitable truth for which he has precedent in the disputations of others who possessed clearer heads and better hearts than he can pretend to. But the great enormity of that Message, I think is, that through it, the President of the United States does not hesitate to spread before the country an infamous libel not only upon a large, if not the largest portion of his constituents, but upon many of the sovereign members of the Union. He undertakes the discharge of a sworn Constitutional duty,—to give to Congress information upon the state of the Union. The solemnities of his oath, if not the responsibilities of his place, should have admonished him to speak with the candor and impartiality of a First Magistrate. Yet with a disregard to truth and decency, which would put a respectable stump orator to the blush, he gravely informs Congress that the party which composes a large plurality of the popular House is made up of fanatics and agitators, and that many of the States whose Representatives sit there in both Houses "disregard their Constitutional obligations to the Republic." Let me quote the President's exact language:

> It has been a matter of painful regret to see States, conspicuous for their services in founding the Republic, and equally sharing its advantages, disregard their constitutional obligations to it.—Although conscious of their inability to heal admitted and popular social evils of their own and which are completely within their jurisdiction, they engage in the offensive and hopeless undertaking of reforming the domestic institutions of other States, wholly beyond their control and authority. In the vain pursuit of ends by them entirely unattainable and which they may not legally attempt to compass, they peril the very existence of the Constitution and all the countless benefits which it has conferred.

Is President Pierce so ignorant of the proprieties of his place as not to know that he whose duty it is to execute the law upon offenders, sho'd not be the first to doom them? I need not say the charge is false, but it is wantonly and maliciously false. There is not a truthful man in the country who dares assert, or cares to assert, that any single State of the Union, has assumed to intermeddle with the domestic affairs of any other State.

There is one subject upon which the South brags she is a unit. That subject involves the interests of slave labor. So often as any question has arisen out of that subject in Congress, and there have been many, the South has fiercely demanded that the North must vote as their interests required or the Union should be dissolved. There have been those from the North, on all these occasions, who saw that slave labor and free labor could not stand together, who preferred the interests of the latter to the former, and who voted accordingly. When territories have been organized, they desired to secure as much of those territories as possible for the employment of free labor, and have voted accordingly. This is the extent of our offending here in the North. The North never have struggled to acquire a foot of foreign territory to make free states of. Since 1820, the South has not ceased to struggle for such, for that sole purpose. So often as the question of Slavery has been presented in Congress, during this generation, it has been presented by the Representatives of slave holders. And yet, the President charges the North with agitation and fanaticism, with treason to the Constitution and disloyalty to the Union!

The argument by which these charges are defended, because it is submitted by the President, ought to be noticed and exposed. This work I hope will be attended to by the press of the country, and not by Congress.

The Congress of the Union owes it to the States of the Union to lay that message of the President's upon the table, and not refer a line of it to any committee, nor to publish a word of it to the country. The President should not be allowed to hurl out general charges of treason and disloyalty, at least without naming the guilty parties and specifying the guilty acts.

Yours, for
FREEDOM AND RIGHT.

Later from Nicaragua.

The Star of the West, which arrived at New York on Saturday, brings a few items of news from Nicaragua. We quote:

By this arrival is brought the first shipment of Nicaragua gold—the produce of mines owned and wrought by Americans; and among the passengers are two gentlemen associated therewith, well known to California, long experienced in mining operations and possessed of ample capital, who come to New York expressly for the purpose of forthwith providing suitable machinery for the full development of their rich auriferous resources.

General Walker, finding his warrior countrymen pouring in rather unnecessarily numerous, has drafted a battalion to the support of his ally—the President of Honduras—who has wrongs to redress with the Guatemalans. The General's attention having latterly been diverted from "grim-visaged war," and directed to the permanent colonization of the Republic—he has wisely thrown open to the world the public lands—guaranteeing to each farmer, after an occupation and residence of six months, 250 acres, and 100 additional to each member of his family, free forever, and by a special clause it is enacted that such lands are to be almost exempt from every species of taxation.

MINERAL POINT RAIL ROAD.—The Board of Directors of this Company have chosen Hon. Perley Eaton their President, in place of Moses M. Strong, resigned. Judge Eaton is a man whose qualifications for the office cannot be doubted, and we think the Board have acted wisely in selecting him for the important station.

The prospects of an early completion of the Road are highly flattering. A friend in New York writes us as follows, in relation to it:

"I am happy to inform you that the prospects of the completion of your Road by the 1st of September, are very promising. A portion of the iron is already purchased—more than enough for half the Road, and negotiations are in progress for the remainder."—*Mineral Point Tribune.*

FIRE ALMOST.—A small fire got under way this forenoon, in the Telegraph Office, in Bruen's Block. It originated from sparks from the chimney, as is supposed; but how sparks from the chimney should get between the lathing and the walls, we do not precisely understand. By tearing a hole in the wall and using water liberally, it was soon extinguished.—*Madison Argus, Jan. 3.*

State Historical Society.

At the last meeting of this Society, the Annual Reports of the officers were read and from them we get the following information, through the Madison papers, of the doings of the Society for the past year. Its progress is truly unexampled:

The receipts of the year were shown to have been over $700, and the disbursements some $50 less; and the library, which numbered but 50 volumes when the Society was efficiently re-organized in January, 1854, and 1,050 last January, now numbers 2,116, having more than doubled during the past year; and the present number of pamphlets is some 3,000, two-thirds of which were added during the past twelve months. The present number of bound newspaper files, including Niles' Register, exceeds 200 volumes, and over 60 papers and magazines are regularly received by the Society and preserved for binding. During the past year, besides many manuscripts, autographs, engravings, statuary, and curiosities, eight oil paintings have been received—making the present number eleven now adorning the Society's Hall, and nearly 60 others, mostly of pioneers and early public men of our State, promised. The prosperity of the Society is altogether unexampled.

Horrid Affair in Maysville—Negro Burned to Death.

We are informed that on the Kentucky thanksgiving day, a couple of young men of Maysville, whose family connections are described as of the "highest respectability," were on a drunken spree at the Parker House, in that place, and, protracting their frolic until a very late hour, after all the household had retired to bed, attempted to rouse the barkeeper to procure more liquor, and failing in this, and finding a yellow man, one of the waiters, asleep they concluded to set fire to him in order to awaken him!

With this view, they took a campheue lamp and, pouring the fluid over his whiskers, ignited it, and the poor fellow's neck and head became instantly enveloped in an intense blaze, which continued until the fluid was consumed. The sufferings of the victim were dreadful in the extreme. No refinement of torture could have produced more excruciating misery. But, strange to say, death did not release him from torment until after the lapse of two weeks.

The poor creature was the slave of Mr. Ball, keeper of the Parker House, who says, as our informant tells us, that no human suffering could exceed that of his boy, during the fortnight that he lived after the burning. The young men "respectably connected," whose drunkenness resulted in this horror, are said to allege that they burned the negro by accident—that when holding the lamp to his face they managed to break it and spill the fiery fluid upon him.

The young men are rich. They have agreed to pay Mr. Ball $1,200 for the loss of his servant. Our informant says that no one in Maysville speaks of the transaction without a shudder of horror; but that no movement has been made toward a legal investigation of the matter, and that the "high position" of the parties implicated will overawe any such movement.

From the St. Louis Democrat.

The Ladies of Lawrence.

The Free State ladies of Lawrence deserve to be the mothers of heroes. Their conduct during the recent alarming crisis was as admirable as the calm courage of the men. Fear never entered the breasts of either, and neither were disposed to yield one iota to the insolent demands of "old Dave" Atchison's rabble. The wives and daughters of the pro-slavery citizens left Lawrence when the troubles commenced, but the wives and daughters of the Free State men refused, although repeatedly urged to leave the city. Forty ladies of Lawrence enrolled themselves secretly, with the determination of fighting by the sides of their husbands and sons as soon as a combat commenced! Many of them had previously practised pistol shooting for the purpose of giving the invaders a suitable reception if they came again, as they came on the 30th of March, to desecrate the ballot-box and prevent the actual residents of Kansas from casting their votes. One young girl—a beauty of nineteen—told me that she dreamt last night of shooting three invaders.

Let me give one instance of the courage of the ladies of Lawrence.

The General feared that he would run short of powder, lead and percussion caps. A Free State man on the Wakarusa, had two kegs of powder, and a large quantity of Sharpe's rifle cartridges.

If men had been sent after it they would have been obliged to fight or been arrested. The thing was talked about. Two ladies, editor's wives both of them—Mrs. G. W. Brown and Mrs. Samuel N. Wood volunteered to go and fetch it. They were permitted to go. They reached the cabin; the powder was put in pillow cases; and "people do say"—but they will talk nonsense, you know—that the pillow cases were concealed beneath petticoats, and that said petticoats were attached to other garments, feminine, of said ladies aforesaid. It is rumored, too, that the percussion caps were concealed in the ladies' stockings. I don't pretend to vouch for the truth of this rumor; for I was not present when the ladies made their toilet. One gentleman who saw the ladies lifted out of the wagon—for they could not rise themselves—said he thought bustles had come into fashion again! Another said, good; Kansas is thinly settled. What he meant by saying so, I can't imagine.

PRINTING IN THE WOODS.—We are doing what perhaps has never been done in the United States before—we are printing the *Wisconsin Mirror* in the woods!—not a dwelling, except our own, within half a mile of us, and only one within a mile!! The forest oaks hang over our office and dwelling, the deer and rabbits shy around us, and the partridges and quails seek our acquaintance by venturing nearer and nearer our doors. The noble Wisconsin is bearing onward its immense burdens of ice, majestically and silently, within sight of our windows; and the snow-capped hills, covered with scattering oaks and pines, peer up in the distance. There is romance and reality in all this, and we feel almost willing to publish a paper in such a location just for the excitement of the thing. But most of the romance is soon to be spoiled. Already several dwellings are in progress near us, and before many weeks they are to be occupied by enterprising neighbors; and when spring and summer shall come we expect such a clatter of axes and spades and trowels and saws and hammers that we shall hardly be able to write our editorials without introducing more or less of the confusion. The fact is, we expect a large village—yea, a city—to grow up rapidly around us, and that is why we are here—*printing in the woods!*—*Wisconsin Mirror.*

VERY COLD WEATHER.—On Saturday evening last, after a slight flurry of snow, the wind changed and old *Boreas* took possesion of this portion of country. Sunday was a cold, raw breezy day, winding up with a bitterly cold night. Monday morning, showed the mercury at 26 below zero! Tuesday morning 22 below! Wednesday morning, 18 below! Thursday morning, 6 below! Moderating!

It has been an extraordinary week of cold, the thermometer getting but a few degrees above zero at any time between Sunday and Thursday.

Cold as it has been, travel and trade are very brisk.—*Appleton Crescent, Dec. 28.*

SOLD OUT.—On Wednesday last the Land Officers of the Mineral Point Land District, sold the last of Government land in the County of Green. There are now two Counties in this District (Dane and Green,) in which the United States does not own an acre of land.—*Mineral Pt. Tribune.*

THE MARKETS.

OFFICE OF THE DAILY SENTINEL, MILWAUKEE, January 5, 1856.

Received by Mil. & Miss. R. R.—123 bbls, 48 sacks flour, 212 bus wheat, 25 hogs, 123 hides.

By Mil. & Wat. R. R.—21 bbls, 288 sacks flour, 15 hogs, 1950 bus wheat, 246 do barley.

WHEAT sold yesterday at about the rates of the day before—1,55@1,65 for winter, and 1,40@1,45 for spring. The supply continues fair for the mills, but the warehouses are not buying much.

OATS and Rye no change.

BARLEY—1.15@1.20, and wanted for home use.

PORK—but few hogs in by railroad, but rather more by teams, though frozen as hard as stones by the intense cold. We quote at 5,00@5,50, and dull at those figures.

Chicago Market—Jan. 3.

A sale of 3,000 bus of spring Wheat was made in store at $1,30, for shipment. There is but little milling demand at $1,30@1,68. Fewer buyers of Hogs—the choicest picked lots only bring $5,50. A rumor of the failure of a New York house, that has been a large buyer here, affects the market somewhat. Sugars and Molasses are higher, particularly the latter, and we raise our quotations. Coffees are firmer.—*Tribune.*

WHY FEMALES SUFFER IN HEALTH.
THE MARRIED WOMAN'S
PRIVATE MEDICAL COMPANION
BY DR. A. M. MAURICEAU,
PROFESSOR OF DISEASES OF WOMEN.
One Hundredth Edition (500,000) *18mo., pp. 250.*

A standard work of established reputation, found classed in the catalogues of the great Trade Sales of New York, Philadelphia, and other cities, and sold by the principal Booksellers in the United States.

Every woman can here discover, by comparing her own symptoms with those described, the nature, character and cause of her complaint, and be spared much anxiety and suffering, as well as the unpleasantness of making known to, or making inquiry of, a physician in respect to the numberless ailments to which she is subject. The wife about becoming a mother has often need of instruction and advice in respect to her situation, which she will here find. This book tells her what is the matter, and tells her what to do for it, in simple but chaste words, and such as she can understand.

Those suffering from obstructions or irregularities peculiar to the female system, or from *prolapsus uteri* (falling of the womb), or from *fluor albus*, will each find in its pages the means of prevention, amelioration, and relief.

Much distress of mind, as well as thousands pecuniarily, might be saved to every husband, if the simplest laws appertaining to the marriage state were better understood. That they are not better understood is traceable to that natural and almost commendable sensitiveness that will rather suffer than consult or converse with even a medical man in respect to complaints peculiar to the female only.

In a copy of "*The Married Woman's Private Medical Companion*," every female has a physician that knows and describes her every symptom, feeling and ailment, and which she can consult at all times without violence to her sensitiveness.

[Extract of a letter from a gentleman in Dayton, Ohio.]

DAYTON, May 1, 1847.

Dr. A. M. MAURICEAU—*My Dear Sir*—My wife has been perceptibly sinking for some three years or more, in consequence of great anguish and suffering some months before and during confinement; every successive one more and more debilitated and prostrated her, putting her life in imminent danger, and which was on the last occasion despaired of. I supposed that this state of things was inevitable, and resigned myself to meet the worst. I heard your book highly spoken of, as containing some matters reaching my case. On its receipt and perusal I cannot express to you the relief it afforded my distressed mind, and the joy its pages imparted to my wife, on learning that the great discovery of M. M. Desomeaux provided a remedy. It opened a prospect to me which I little conceived was possible. But for this, ere another year would have passed over my head, in all human probability my wife would have been in her grave and my children left motherless.

☞ Upon receipt of One Dollar, "THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION" is sent (*mailed free*) to any part of the United States, the Canadas, and British Provinces. All letters must be post paid, and addressed to Dr. A. M. MAURICEAU, box 1224, New York City. Publishing Office, No. 129 Liberty Street, New York.

PROFESSIONAL NOTICE.

DR. F. W. BARTLETT, long associated in practice with his brother-in-law, Dr. ROBERT HUNTER, in New York, has removed to Buffalo, and devotes his entire attention to the treatment of affections of the throat, Bronchitis, Asthma, and Consumption. The medical agents employed by us are directly applied to the membrane or organ diseased—to the *nasal passages* and throat by syringes, and to the bronchial tubes and lungs by an inhaling instrument. To these means are conjoined such general medication as varying symptoms may require. The efficacy of the practice is fully attested by numerous patients throughout the country, to whom reference may be made.

Caution to Western Merchants.

Learning from some of the respectable merchants of Chicago, that my Schiedam Aromatic Schnapps is extensively counterfeited by a number of Liquor mixers in New York, Philadelphia, and Boston, and finding that the pirates daringly advertise their pernicious deceptions under the name which belongs to my article, I think it necessary to caution the community against these vendors of poison in disguise.

I introduced the Schiedam Aromatic Schnapps for the purpose of supplying the medical faculty, and the whole community with a pure medicinal spirit, which might be prescribed with confidence, in all cases where stimulants were required, without producing the fearful consequences which invariably result from using adulterated liquor. In order to render assurance doubly sure, I had the article analyzed by physicians of world wide celebrity, and submitted it for experimental test to thousands of distinguished medical practitioners. The responses from these sources were of the most unequivocal and satisfactory character. It is now before the public, surrounded with these guarantees, and bearing these unimpeachable endorsements, and I call upon the community to protect themselves and me their own health and my reputation, by frowning down and repudiating the piratical speculators who are pedling their foul commodities under cover of my trade mark. No article had ever been imported from Holland into this market, under the name of Schnapps, previous to the appearance of Wolfe's Schiedam Aromatic Schnapps, in this city.

The first importation being made into this city in the year 1848, which can be seen by the Custom House Books, I deposited my label as a trade mark in the United States District Court of the Southern District of New York, in the year 1851, and have the certificate in my possession of the state. The great demand which has thus been created for the genuine article, has set the whole hive of counterfeiters in motion, and the duty I owe to my customers and friends and the public, compels me to put them on their guard against imposition.

The genuine is put up in quart and pint bottles, with my name on bottle, cork and label, for sale by all the respectable druggists and grocers in the United States.

UDOLPHO WOLFE,
18, 20 and 22 Beaver street, New York.

Among the complaints for which the Schnapps has been declared a specific by the eminent physicians who have corresponded with the proprietor, are dropsy, dyspepsia, debility consequent upon long continued sickness and old age, epilepsy, asthma, gravel, colic, affections of the kidney and all chronic diseases of the genito-urinary apparatus.—For these and many other disorders, it is now prescribed with great success, by more than three thousand medical practitioners in various parts of the United States.

DAILY SENTINEL.

CITY MATTERS.

NEW YORK PAPERS

Three Days in advance of Mail!

THE SENTINEL'S NEWSBOYS have completed arrangements by which they will now deliver the *New York Times, Tribune, and Herald*, Ahead of everything. Persons wishing them can leave names at *Sentinel* office, and the papers will be delivered regularly. jan1tf

Police Court, Jan. 4.

William Branser and Mark Brown were each fined $1 and costs for being drunk.

Jane Ferguson *alias* Foster, was again up for drunkenness, and after being kept in the Watch House all night, was sent back to be transferred to the Poor House.

John Purcell was tried and found guilty of being disorderly on the 21st day of Dec. and fined $5.

N. C. Harmon, for leaving his team unhitched, was fined $2.

The case of the State *vs.* John Gallagher, was called on this afternoon. The circumstances were these: The defendant was arrested for an assault and battery upon John Miller, several weeks since, and the case adjourned for several days, the City Marshal became bail for the defendant's appearance on the adjourned day. The defendant gave "leg bail," and as there was no appearance on the part of the defendant, the bail was declared forfeited. The City Marshal went to Chicago and brought the prisoner back; the forfeiture of the bond was waived by the District Attorney and the prisoner surrendered.—The case was set down for trial two weeks from to-day at 10 P. M. The prisoner was lodged in jail to await the trial.

Henry Woodin, who was found in Mr. Heath's house, in the town of Greenfield, drunk on the floor, the same day that a burglary and larceny was committed there, was brought up and dismissed for want of prosecution, the complainant becoming satisfied he was not guilty of the offence.

THE CRUEL TREATMENT OF THE BOY EATON.—We yesterday visited the boy, Eaton, in the Orphan Asylum. His condition is a shocking censure upon the people who had adopted him, one of whom, the woman, is now in jail undergoing a thirty days' sentence for her cruelty. This boy has been subjected to the most cruel treatment; his body is very much bruised, and he seems to be hurt internally; his hands are very badly frozen, as well as his feet, and he cannot walk, and yet in this condition he was sent to draw water from a well, and not being able, was beaten, knocked down and dragged towards his house by his unnatural foster-mother. The boy charges the man with the same cruelty as the woman, and says that the bruises on his body were inflicted by the woman and man both, with a strap and rope,—that he was sent to chop wood, and when he came to warm himself he was beaten with the strap and rope, and that but one day before the woman was arrested, her husband beat him with the rope, bruising his head. If the boy's statement be true, and we see no reason to doubt it, we know not why this man should not be punished as well as the woman—the cruel and the inhuman treatment he has received, should be thoroughly investigated and punishment meted out upon *all* guilty of such inhumanity. The boy is a wretched spectacle to look upon, he was half starved, bruised, beaten, and dragged round by his hair, his extremities frozen so that the flesh is peeling off, in some places lumps raised upon his head by blows, from these brutes who had adopted him; and while in this condition was made to stand at a wood pile chopping or sawing wood, and beaten if he complained of cold, when the thermometer stood at 12 below zero.

This is a case of inhumanity we had hoped never to be called upon to record, and we had expected that when the matter had cooled off the boys' statements would be found to have been exaggerated; but it is otherwise. The bruises and wales and lumps upon his body and head; and the frozen fingers and toes, and the actual observations of the neighbors confirm the boy's every statement, and we are compelled to believe him. He has a father whom he supposes is in New Haven, Connecticut. Chilson, the reputed father, is a carpenter, in the employ of the M. & M. R. R. and works in the car shop.

Judge Hubbell, Mr. Wall, Mr. Southwell, Jr., have interested themselves on the boy's behalf, and after the trial in the Police Court, Mr. Wall conveyed him to the Orphan Asylum, where he now is, and where any who feel disposed to contribute towards his maintenance will find him.

The boy informs us that his father is a native of Springfield, Mass., and that Chilson is from the same place, and his wife from Shrewsbury in the same State. Such specimens of New Englanders are rarely met with; they should be held up to public condemnation for their brutality.

PROF. HITCHCOCK'S LECTURE.—The lecture of last evening on Geology, by Dr. HITCHCOCK, was attended by a very moderate audience, owing to the intensely cold weather, and those who were present, lecturer as well as the audience, found the room as cold as a barn. We learn that the condition of the room was not the fault of the Committee of the Association, who gave directions to have the fires kept up all the afternoon, whereas, they were not lighted till about dark.

The lecturer, in deference to the feelings of his audience, hastened rapidly through his lecture, barely touching upon a great many arguments, each one of which is ample material for a whole lecture. His style is a very simple one, free from technicalities to a great extent, and the stage is abundantly supplied with illustrative drawings.

The subject last evening was "Inorganic Geology," or the origin, movements, relations, position, &c., of rocks of various kinds.

Next Monday evening, PROF. HITCHCOCK lectures on Organic Geology. His third lecture will be upon Footprint in Rocks, and the fourth generally upon the religious bearings of Geology. Upon these, he barely touched last evening, but his views are, in brief, that religion has all to gain, and nothing to lose by an acquaintance with his favorite science.

CHURCH MUSIC.—We are indebted to E. TERRY & Co., 193 East Water street, for a little volume of "Church Music, with Selections for ordinary occasions of Public and Social Worship, from the Psalms and Hymns of the Presbyterian Church in the U. S." The book is designed to be used in Congregational singing, and is adopted and recommended by St. Peter's Church, Rochester.—It seems to be adapted to the purpose indicated.

We have received a communication (for which we can not find room) highly laudatory of the little work on Church Music, recently published by RICHARD STORRS WILLIS, the editor of the "Musical World." We quite agree with our correspondent in his estimate of the merits of this work, and advise all interested in the subject to read what Mr. WILLIS has to say.

ENGINE COMPANY NO. ONE.—At the Annual Meeting of Milwaukee Engine Co. No. 1, held at their house last evening, the following Officers were chosen to serve for the ensuing year:

Foreman, P. VAN VECHTEN, Jr.; *1st Ass't*, J. H. BUTLER; *2nd do.*, W. PLUMMER: *Sec'y. and Treas'r.*, H. W. CANDEE; *Warden*, JOHN DADD; *Steward*, H. WOOD; *Trustee for 2 years*, H. MIDDLETON; *Hose Captain*, A. J. DADD *Ass't. do.* H. A. STARR.

The Members of Number One propose to give their Annual Ball, on Thursday, the 17th instant, and intend that it shall surpass all its predecessors.

THE WEATHER.—The cold weather still continues, tho' with some slight abatement yesterday. We have never known ten consecutive days of colder weather than we have had since Monday week. All over the State, the range of the thermometer has been, for a week or more together, from 5 to 15 deg. below zero, and in some places from 20 to 30 below.

SUPERINTENDENTS AND PHYSICIANS FOR THE POOR.—The Board of Supervisors yesterday elected Drs. Orsall, Garner, and Emery, Physicians for the Poor for the present year, and Mr. Fowler and H. Suppus, Superintendents do.

MILITARY EXCURSION.—The several Military Companies of this city have been invited to attend the Inauguration of the State Officers at Madison, on Monday next, and will probably accept the invitation. They form, together, quite a handsome battalion, some 250 strong.

FORTUNE TELLING.—Those who want their fortunes told and are willing to pay 50 cents, or $1,00 for the precious information, are referred to the advertisements of Madame Lubeck and Price.

EXCURSION TO HORICON.—The opening of the La Crosse Road to Horicon is to be celebrated at the latter point, on Monday, by all manner of festivities; of which our readers will make due note.

COMMON COUNCIL.—The Common Council hold a special meeting to-night.

Book Notices.

LIVES OF ATROCIOUS JUDGES—By Richard Hildreth, New York. Miller, Orton & Mulligan, Publishers, No. 25, Park Row.

In the present age of political corruption, when men occupying positions, high in office, and in the esteem and confidence of their fellow men, resort to acts of the most detestable character, by which to further ignoble ambition—this book of "Atrocities" would seem to be the most opportune.

Professing, as it does, to "Hold the Mirror up to Nature," to exhibit the misdeeds of individuals enjoying judicial honors in the days past, it should, we think, be the means of conveying a wholesome lesson to some of our modern arbitrators of justice. The book ought to be generally read.

PRACTICAL AMERICAN COOKERY.—By Miss Elizabeth M. Hall, 12mo., 486 pp. New York. Miller, Orton & Mulligan, Publishers.

The same house have just issued a new work on Domestic Economy, entitled as above.—From the number of books already published upon this subject, it might seem that this one, from the pen of Miss Hall, was superfluous; but, if we take the word of *epicures*, the subject is one about which too much cannot be written.

THE SCHOOLFELLOW.—The first number of this new magazine for the "Little Folks" will appear this month.

Emanating as it does from the press of Messrs. Dix & Edwards—the popular publishers of Putnam's Monthly and Household Words—it certainly possesses strong recommendations to public favor. Some of the leading contributors to "Putnam" will be engaged upon the "Schoolfellow." Notice the advertisement in our columns to-day.

THE HOMESTEAD ON THE HILLSIDE.—By Mrs. Mary J. Holmes, 12mo., pp. 386. New York. Miller, Orton & Mulligan, Publishers.

This is another of those fascinating stories that have, during the past year, become so popular with the reading public. Its authoress, possesses a finely cultivated mind, and a vivid imagination, enabling her to impart to their different pictures, a life-likeness seldom attained by her contemporaries. Published by Miller, Orton & Mulligan.

ATROCIOUS JUDGES!

LIVES OF JUDGES, INFAMOUS AS Tools of Tyranny and Instruments of Oppression! BY JOHN, LORD CAMPBELL. With an APPENDIX, containing the CASE OF PASSMORE WILLIAMSON. Edited, with an Introduction and Notes, *BY RICHARD HILDRETH.* One Volume, 420 pages, 12mo. Price $1,00.

THE various man-hunting expeditions which have, within the last few years, been made into the North, and the numerous trials, including the Jerry, the Sims, the Burns, and similar cases, and the crowning act of infamy enacted by

JUDGE KANE UPON PASSMORE WILLIAMSON,

have excited the profoundest indignation and alarm. The Publishers believe, therefore, that this amply attested and clearly drawn record of what judges have done, will lead the people to see what, if unchecked, judges may still do.

Eliot Brothers to their Patrons.

Kind hearted friends, this merry New Year's morning
The usual rules and regulations scorning,
We take advantage of the gladsome day,
And to you dedicate our simple lay.
The year that now is numbered with the dead,
His joys and ills have showered upon your head;
While we have tried our very best to please,
And fraught your days with happiness and ease.
At great expense, from distant Cuba's coast,
We brought, that we may satisfy the host,
The very best CIGARS the Island boasts.
To please you all has been our end and aim,
Expense and trouble to us have been the same:
For we have felt throughout the passing year,
Our patrons held both ease and comfort dear,
And feeling efforts are not all in vain,
It courage gives us now to try again.
Arrangements have we made both East and West,
To keep our store supplied with stock the best—
CIGARS, the very mention of whose name,
Have made a thousand candidates for fame—
Tobaccos, Pipes, with all those little fixings,
Long cut, short cut, fine cut, and some mixings;
And what beside, 'twould take too long to mention,
Our Fancy knick nacks will attract attention.
To all kind friends who never knew a pleasure,
Try our Cigars, and you have found a treasure,
And with this greeting now, kind friends, we leave you,
We never have attempted to deceive you.

TOO BIG A BOOK!

The following anecdote is illustrative of the importance that may be justly attached to most controverted subjects:

A man being about to purchase a young horse, was fearful he might prove skittish, as the phrase is, and in order to test his steadiness or strength of nerves, directed his boy to go a little way off, behind the next corner, and he would ride the colt down opposite to him, when the boy should start suddenly out and cry "book!" and if the colt would stand that, it would be proof enough of his being fine and well broke.

The boy took his station, and the man mounted and rode along; but when he came opposite the corner, and the boy jumped out and cried "book!" the colt threw him off.

The rider picked himself up soon, however, and rubbing his shoulders and shins, asked the boy what he did so for, "why, father," said the boy; you told me to say "book!" "yes," said the man, "but then there was no need of saying such a *big book* to such a little horse."

Next Monday, January 7th, I have a Sheriff's sale of a stock of Goods. Sale to commence at 2 o'clock Monday afternoon, and continue day and evening until all is sold.

NINE O'CLOCK REPORT.

AUGUSTA, Jan. 4.

Gov. Wells to-day, in his Message, expresses no opinion on the policy of the Nebraska Bill, but recommends acquiescence in it. He takes strong grounds against the Liquor Law, and recommends a license system. He also recommends the establishment of a Court of Common Pleas, and condemns the alliance and naturalization laws, and the personal liberty act; suggests attention to education, opposes the sale of timber lands, unless money is needed. He praises the reform school, and advocates improvement in the militia system.

Congressional.

WASHINGTON, Jan. 4.

HOUSE.—Mr. Dunn appealed to the Mass. men to surrender their personal feelings which stand in the way of electing their great end, and unite on Mr. Lester, whom he recognized as eminently fitted for the Speakership.

Mr. Knowlton replied that Mass. alone does not ask the election of Mr. Banks, but the spirit of Freedom has a hand upon him; he said that Mr. Dunn and a few other gentlemen on the Anti-Nebraska issue could if they would relieve the House from its entanglement.

Messrs. Jones, of Tenn., and Houston regarded Mr. Banks, resolution declaring Mr. Lester as Speaker, as nothing more than a nomination, and denied the right to thus nominate, and required the House to vote for or against it; the resolution was tabled by a vote of 160 to 39.

Mr. Underwood offered a resolution which, he said, must necessarily result in an election, viz.: that the first gentleman named on the list of members, be put in nomination, and failing to receive a majority of a quorum, the next one be voted for, and so on, till an election be effected. This was also tabled. The 92d ballot was then taken, with precisely the same result as the previous one. Adjourned.

A letter from A. Stafford, officer of the state forces at Lawrence, Kansas, claims a bloodless triumph over Gov. Shannon, in the recent treaty, they having yielded no principles at issue.

The letter further states that Gov. Shannon and Sheriff Jones talked of resigning if the people of Missouri will not keep quiet and mind their own business. All speculation to the Speakership is at an end—many thinking there will be no election during the month.

From Kansas—Free State Nominations.

ST. LOUIS, Jan. 4.

A letter in the *Democrat*, dated Leavenworth, Kansas, 26th Dec., says the office of the *Territorial Register*, an Administration paper, was robbed and the type thrown into the river and a large amount of paper burned. The mob was composed principally of Missourians.

The Free State party, at their Convention on the 22d ult., nominated Charles Robinson for Governor, W. G. Roberts, Lieut. Governor, and M. W. Delahay for Congress. The election is on the second Tuesday of January.

Col. Robinson's opponent in the Convention was defeated by a vote of 66 to 22.

ALBANY, Jan. 4.

No Speaker elected by the Assembly as yet; last and 19th ballot stood Odell, K. N. 40; Pendergas, Rep. 10. Baily, Dem. Hard, 25; Heyle, Soft, 19; ballance scattering, Adjourned till Monday.

New York, Jan. 4.

The Courier's Washington correspondent telegraphed, last evening, that great efforts are being made to induce Mr. Pennington to decline. The democrats are alarmed at the movements of the Southern K. N.'s in favor of Mr. Boyce, of South Carolina, but the authority of the caucus will be sustained. No organization is expected for weeks.

BALTIMORE, Jan. 3.

The organization of our State Legislature was completed to-day. The House elected Mr. Traverse, American, of this city, Speaker, and Mr. Gaither has been elected President of the Senate.

The New Orleans mails of Wednesday and Thursday of last week are received.

The papers contain the details of the Mexican advices to the 18th ult. Commonfort had formally taken possession of the Presidency, made vacant by the flight of Santa Anna.

NORFOLK, Jan. 2.

A board of constructors has convened here to examine a report upon the injuries said to have been sustained by the frigate Roanoke in the lake launch. The government is satisfied that this splendid frigate is unharmed, and has ordered a formal official report made, and filed in the department, for the vindication of the ship and her construction.

NOTICE TO ICE CONSUMERS.

THE UNDERSIGNED, the oldest ICE trader in the City of Milwaukee, would inform the Public that he, as usual, will cut his Ice in the neighborhood of the Harbor, in order to procure the clearest and best Ice; and also that he will place around the holes which he cuts in the Ice, blocks of Ice as a fence, that everybody may be warned from danger. The cutting will commence about the First of January.

If the Common Council will appoint an overseer, I should have no objection, and I would even pay the expenses, should it be required.

I am confident that the Public will appreciate my endeavors to serve them with the best Ice, at the same time guarding them from danger.

EVARTS' PATENT SHINGLE MILL

EVARTS & BUTLER,

PROPRIETORS & MANUFACTURERS,

CHICAGO, ILLINOIS.

THE SMOOTHNESS OF THE WORK WHICH GIVES this Mill its superiority, is produced by making the cut in the direction of the fibre of the wood.

The ease with which wood is worked in that direction gives a speed of execution; and the flexibility of the shingle [illegible] relieves the saw, so that it may be ground thin on its edge, so as to cut away but little of the wood.

The shingles now made with this mill sell in this market seventy-five cents per thousand higher than any other sawed shingles.

This mill is made entirely of iron—strong, simple and of the best workmanship, easily worked, and not liable to get out of order.

TURTON & SERCOMB,

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. In regard to the character of the work got up by this

The Oldest Establishment in the State,

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GUAGE and CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

MEDICAL.

R. R. R.,

LIFE AND DEATH.

THE

Mysteries of Disease Laid Open to the People.

Health is the Principle of Life—Disease is the Principle of Death.

The R. R. R. Remedies possess the great power to secure to the human system health and long life, and free the human family from pains, aches, and all bodily infirmities.

THE ART OF PRESERVING HEALTH AND THE METHOD OF CURING DISEASE.

BY THE R. R. R.'S.

RADWAY'S READY RELIEF

IS TO BE USED in all cases where there is pain. The moment it is applied externally, or taken internally, it will allay the most torturing aches, pains, cramps, spasms, burns, scalds, &c., quicker than Morphine, Chloroform, Veratrine, or any other anodyne or remedy that has ever been used by medical men.

It is safer than these dangerous remedies. The public will bear in mind that Chloroform, Morphine, Opium, &c., only stifle the pain by stupifying the senses, so that the perceptive faculties lose the power of feeling, and that after the influence of these narcotics have passed from the system—the pain again breaks forth with its terrible pangs, with renewed violence.

Radway's Ready Relief stops the pain and removes the cause of the disease that occasions it; it infuses new life into the weak and diseased parts. It braces the nerves, and establishes in the system a reaction of health and strength, in the place of pain, weakness and disease.

As a counter irritant, Radway's Ready Relief applied to the surface of the body, where there is any inflammation or congestion, it will instantly scatter the congested blood, equalizes the circulation, and in a few minutes the most excruciating pains are removed. This may be seen in cases of Lumbago, Gout, and Rheumatism in their most terrible forms, where an application of Radway's Ready Relief will restore the patient ease and comfort.

Crippled with Rheumatism, Arm and Leg perished—No hopes of his recovery—Timely use of R. R. R.—A wonderful cure.

LETTER FROM ISAAC HUDDLESTONE.

Rapide Parish, La., June 10th, 1855.

Messrs. Radway & Co.—Radway's Ready Relief has cured Peter May of Rheumatism, when there was no hope of his ever recovering. I heard of his situation and I sent for him. His right arm and leg was all perished. He had no use of them at all; but by the use of your medicine, in two months he was carrying the mail from Cherryville to Barr's Ferry. I objected. He said he must do something for a living. It has been fourteen months since he was cured. He is now well and working on his farm, and the whole cost of your medicine was five dollars.

TO THE MILLION!

READ AND JUDGE FOR YOURSELVES

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periodical headache, make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following:

CARLYLE, Ill., June 29, 1855.

I have used Prof. Wood's Hair Restorative, and have admitted its wonderful effect. My hair was becoming, as I thought prematurely grey; but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.

SIDNEY BREESE,

Ex-Senator United States.

VINCENNES, Ind., June 10, 1853.

Prof. O. J. Wood: Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern, that I have used it and known others to use it; that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair.

Respectfully yours,

WILSON KING

A gentleman of Boston writes to his friends in New Bedford, thus:

To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose and pulled out freely; but I found that before I had used the second bottle up (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots, and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish or ask.

July 1, 1854. Yours, &c., ——.

GARDINER, Me., June 22, 1855.

Mr. Dyer: Dear Sir—I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was as grey as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours, &c.,

DANIEL N. MURPHY.

ST. LOUIS, March 1, 1854.

Prof. Wood:—My hair commenced falling off some three or four years since, and continued to do so until I became quite bald. I tried all the popular medicines, but to no effect. At last I was induced to use of the day, brated Hair Restorative, and am happy to try your celebrated. I have now a fine growth, happy to say it is doing wonders. I cheerfully recommend its use with of young hair, and to all similarly afflicted.

A. C. WILLMANSON,

138 Second Street.

ST. LOUIS, June 23, 1853.

Prof. Wood:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago, very grey; and after using two bottles of your Hair Restorative, it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it will not regret it, as it gives the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

I am, sir, yours, &c.,

H. L. STEWART.

Helmbold's Genuine Preparations.

HELMBOLD'S HIGHLY CONCENTRATED

COMPOUND FLUID EXTRACT BUCHU,

FOR DISEASES OF THE BLADDER and Kidneys, Secret Diseases, Strictures, Weakness, and all diseases of the sexual organs, whether in male or female, from whatever cause they may have originated, and no matter of how long standing.

If you have contracted the terrible disease which, when once seated in the system, will surely go down from one generation to another, undermining the constitution and sapping the very vital fluids of life, do not trust yourself in the hands of quacks, who start up every day in a city like this, and fill the papers with their glaring falsehoods, too well calculated to deceive the young, and those not acquainted with their tricks. You cannot be too careful in the selection of a remedy in these cases.

The Fluid Extract Buchu has been pronounced by eminent physicians the greatest remedy ever known. It is a medicine perfectly pleasant in its taste, and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisonous virus of this dreadful disease; and unlike other remedies, does not dry up the disease in the blood.

Constitutional debility brought on by self abuse, a most terrible disease, which has brought thousands of the human race to untimely graves, thus blasting the brilliant hopes of parents, and blighting in the bud the glorious ambition of many a noble youth, can be cured by this infallible remedy. And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found acting both as a cure and preventative.

HELMBOLD'S HIGHLY CONCENTRATED

Compound Fluid Extr. Sarsaparilla.

For purifying the blood, removing all diseases arising from excess of Mercury, exposure and imprudence in life, chronic constitutional disease, arising from an impure state of the blood, and the only reliable and effectual known remedy for the cure of scrofula, salt rheum, scald head, ulcerations of the throat and legs, pains and swellings of the bones, tetter, pimples on the face, and all scaly eruptions of the skin.

This article is now prescribed by some of the most distinguished physicians in the country, and has proved more efficient in practice than any preparation of Sarsaparilla yet offered to the public. Several cases of secondary syphilis, mercurial and scrofulous diseases, have entirely recovered in the incurable wards of our public institutions, which had for many years resisted every mode of treatment that could be devised. The cases furnish striking examples of the salutary effects of this medicine in arresting some of the most inveterate diseases after the glands were destroyed and the bones already affected.

NOTICE.—Letters from responsible physicians and professors of several medical colleges, and certificates of cures by patients, will be found accompanying both preparations.

PRICES.—Fluid Extract of Buchu, $1 per bottle, or six bottles for $5. Fluid extract of Sarsaparilla, $1 per bottle, or six bottles for $5—equal in strength to one gallon of syrup of sarsaparilla.

"*Wisdom shall bow down to it, and the great of the earth shall kneel before it.*"

Never could this be said with more truth, than it now applies to this remedy for affections of the Throat and Lungs. The liberal-minded among those skilled to cure are free to own its mastery over distempers which have baffled their art. Those of exalted stations are not ashamed to testify to its virtues, but deem it a duty and a pleasure to thus hold out the lamp of their experience to their suffering fellow men.

DR. WEAVER'S

CANKER & SALT RHEUM SYRUP & CERATE.

IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scorbutic Eruptions, &c., &c.

Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their curative powers, which accompany each bottle, the Syrup and Cerate in the printed directions, and leaves the sufferer without a blemish. These medicines are too well known to require anything more than a plain statement of facts. The joyful intelligence is reaching us daily from East, West, North and South, of the wonderful cures they are performing.

See what is said by those who have used these medicines:

The Rev. Samuel Henry, of Palmer, Mass., says, "they have done me more good than all the other medicines I have ever used for Erysipelas."

Capt. William Vail, of the steamer Granite State, says: "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores; is now perfectly cured by the use of the Syrup and Cerate."

Dr. A. J. Johnson, of North Wardsboro, Vt., says, "a Scrofulous disease of the hip joint, and Scald Head in the same child, have been cured by the Syrup and Cerate."

Rev. August Bolles says "it has cured the Salt Rheum in my leg."

J. Hatfield Fraser, Esq., editor of the Somerset Whig, Somerville, N. J., says "my mother has been completely cured of a severe case of Tetter of long standing, that had defied the skill of the best Physicians."

Hon. Joel Loomis, of East Lyme, Conn., says, "I was completely cured of Erysipelas in my legs, after a council of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy-eight years, but Weaver's Syrup and Cerate did the work at once."

Elias Latham, Esq., of Orient, Long Island, N. Y., says, "I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form. I tried several Physicians in New York, Brooklyn, and Greenport. I have dieted and taken medicines enough to float a pretty large boat, but they did me no good. I have taken your medicines one year, and am now able to work and sleep without an ache or pain, and my neighbors say I am the sprightliest man on the Island."

The Rev. J. B. Swan, of New London says, I have used the Syrup and Cerate in my family for more than a year and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with entire success.

Ask Seth Pritbery, of Taunton, Mass., what the medicines will do; ask William Barber, of Three Hills Bay, Jeff Co., N. Y., what the syrup has done for him; ask C. F. & W. H. Boynton, of Perkinsville, Vt.; ask F. L. Kent, of Chicago, Ill.; ask Martha Cottle, of Martha's Vineyard, Mass.; ask Wm. F. Keables, or Wm P. Benjamin, Esq., of New London; ask Dr. H. M. Murdock, of Pulaski, N. Y.; ask J. G. Smith, of Brooklyn N. Y., who was cured of Sore Sails, after losing his leg by the disease, and suffering for years, has been perfectly cured by the use of the Syrup & Cerate; ask Curtis Burrough, of Shelby, N. HARNDEN'S

CONCENTRATED COUGH SYRUP.

FOR THE CURE OF

COUGHS, COLDS AND CONSUMPTION

THE Proprietors of this TRULY VEGETABLE AND TRULY VALUABLE SYRUP, claim for it no magic powers nor do they offer it to the public as an antidote for all the ills and ailments of life—but solely as a remedy for COUGHS, COLDS, and diseases of the CHEST and LUNGS, in advanced as well as incipient stages. They WARRANT THE SYRUP PURELY VEGETABLE, and free from Opiate or Drug of any kind.

Unlike any other of the many advertised remedies for Colds and Consumption—the action of this Syrup is direct—hand in hand with nature—its benefits are immediate—not leaving the invalid time to regard it as an experiment, requiring slow process, in arresting disease, and restoring health. Ordinary Coughs and Colds generally yield within twenty-four hours; while those of long standing, and which, through negligence or continued imprudence, have assumed more alarming symptoms, usually require the use of the Syrup from ten to twenty days. In cases of hereditary or constitutional character, and which, in many instances, have grown mental as well as physical prostration of the invalid, more time is necessarily required, in arresting the disease—in eradicating the taint of blood—in restoring natural sleep and quiet of mind—and securing permanent health.

In its highly concentrated form, one bottle of this Syrup is equal to six times the quantity were it prepared in any other manner, and THE ONE BOTTLE WILL THEN BE ENOUGH.

For the purpose of securing ourselves and the public against fraud or imposition, every agent for the sale of this Syrup will be personally selected and appointed by one of our firm, or our general agent, and as a further safeguard, the directions accompanying each bottle will be signed by Mr. Harnden.

[illegible], No. [illegible] Third Street, Milwaukee, has been appointed GENERAL AGENT for the State of Wisconsin. For sale also by all the Druggists in Milwaukee.
